

Curriculum Vitae

Alexander Shatrovskiy

Born in Kharkiv, Ukraine on 13/06/1957.

Candidate of Biological Sciences in Entomology — Zoological Institute of Academy of Sciences USSR, 1985;
Magister in Biology — V. N. Karazin Kharkiv National University, Ukraine 1979;
Magister in Economy of the Foreign Activity - V. N. Karazin Kharkiv National University, Ukraine 2003.
Associate professor as an honour (2004).

Author and co-authors of 170 scientific publications:

2 books,
4 book sections,
54 articles in journals,
110 abstracts of reports.

Works in research areas of Entomology and Ecology. Has research experience in Marketing (Consumer behavior) and Cross-cultural management.

Worked on scientific grant programs:

- (1) Joint European Tempus Project “Higher Education and Labor Market for the Environment” (HELMET) (2003-2006). Visited for research work University of Abertay Dundee (Scotland, UK) and University of Algarve in Faro (Portugal).
- (2) Oxford Colleges Hospitality Scheme (2008). Visited Wolfson College in University of Oxford (UK).
- (3) EMEC LOT6 BMU as a supervisor from the V. N. Karazin Kharkiv National University (2009-2011).

Having extensive experience in scientific and practical work with museum collections.

Author of the keys for definition of the scavenger water beetles in East Palearctic (former USSR) for 2

Academic editions. Author of models of consumer behaviour in the cross-cultural environment.

Author of the university academic teaching discipline “System Nature Studying” and textbook for it approved by Ministry. Extensive experience in teaching natural science school disciplines (biology, chemistry, physics, geography) both in the form of individual disciplines and in the form of an author's integrated course: from the first year to the final class.

Co-author of the textbook on Biology for the secondary schools in Ukraine approved by the Ministry.

Head of the Ukrainian scientific organization “Kharkiv Entomological Society” (since 2012).

Member of the Editorial office of the scientific academic journal “Kharkiv Entomological Society Gazette” (since 2012).

Member of “Balfour-Browne Club” - British International scientific organization for the researches of the water beetles (since 1982)

Member of the Vienna Coleopterists Society (Wiener Coleopterologenverein, WCV) (since March, 2022).

Association member

	Society Organization	Role
2024/01/14 - Current	Ukrainian Science Diaspora	Member
2022/04 - Current	Museu Nacional de História Natural e da Ciência, Lisboa	External collaborator
2022/03 - Current	Vienna Coleopterists Society (Wiener Coleopterologenverein, WCV)	Member
1982 - Current	Balfour-Browne Club — World	Member

organization of researcher of the water beetles.

1977 - Current	Ukrainian Entomological Society - honorary member of the society (2023), Head of Kharkov Entomological Society (subdivision of Ukrainian Entomological Society)	Member
----------------	---	--------

Committee member

	Activity description Role	Institution / Organization
2012 - Current	Heading the Kharkov Entomological Society as a structure of the Ukrainian Entomological Society. President / Vice-president	Kharkov Entomological Society, Ukraine

Course / Discipline taught

	Academic session	Degree Subject (Type)	Institution / Organization
2018/09/01 - 2022/08/31	Teaches "Histology, Cytology and Embryology" for the medical specialities and elective course of "Fundamentals of Embryology".	"Histology, Cytology and Embryology" (Magistr)	V. N. Karazin Kharkiv National University, Ukraine
2014/02/10 - 2017/08/12	Taught General Zoology and some applied subjects for fish farming and hunting.	Applied Biology (Bachelor)	Kharkiv State Zooveterinary Academy, Ukraine
1999/09/02 - 2014/01/13	Taught General Biology and General Ecology for Environmental Engineering. Approved author's approach to the organization and development of the natural systems. Took participation in the grantee programmes: (1) Joint European Tempus Project 'Higher Education and Labour Market for the Environment' (HELMET) (2003-2006); (2) Oxford Colleges Hospitality Scheme (2008); (3) EMEC LOT6 BMU as a participant of the Target Group 2 (2009-2010). Unfortunately, registered numbers of these programmes are lost, and they can't be mentioned in the special list.	General Biology (Bachelor)	O. M. Beketov Kharkiv National University of Municipal Economy, Ukraine
2002 - 2012	On the base of hierarchy of natural and social factors of	Cross-Cultural Management	V. N. Karazin Kharkiv National University,

	influence to consumer proposed explanation of the ways of forming ethnicity and mentality.	(Master)	Ukraine
1999/09/01 - 2011/08/31	Using own elaboration on the natural hierarchy, created and taught the author's academic discipline "System Nature Science". Published the textbook "System Nature Science and Environmentology" for economic specialities with the stamp of the Ministry of Science and Education of Ukraine.	System Nature Science (Bachelor)	V. N. Karazin Kharkiv National University, Ukraine
2000/09/01 - 2011/08	To the hierarchy of the natural system introduced social ones. And on this base proposed author's "Ideal" and "Laddering" models of Ethnogenesis. Forming of modern consumption proposed using the Laddering model for explanation. Taught "Consumer Behaviour" for Marketing on the base of Natural Studying and Ethnology as the basis of behaviour. For all these academic disciplines proposed author's programmms.	Consumer Behaviour (Bachelor)	V. N. Karazin Kharkiv National University, Ukraine
1993/04/01 - 1999/01/15	On the base of own propositions for harmonization of the content of biological academic disciplines created Program for the Cross-Cutting Scientific/Environmental Education from the Primary, through Secondary, to the High School. Introduced it into the teaching process. Programm was based on the structural hierarchy of the natural systems. Taught according own and public programs in all considered levels of education.	Nature Studying and Environmentology (Licence)	Private Universities and Schools in Kharkiv, Ukraine
1988/09/01 - 1993/08/31	Taught General Biology and Zoology for the veterinarian specialities. Worked on the system approach and harmonization of the content of academic disciplines in biology. Worked on the Key for definition of the scavenger	General Biology (Bachelor)	Kharkiv State Zooveterinary Institute, Ukraine

beetles of the Far East of USSR.
